## **7th World Convention on Waste Recycling and Reuse**

***RECYCLING SUMMIT 2018 gladly welcomes patrons over the globe to 7th World Convention on Waste Recycling and Reuse on May 16-17, 2018 at Tokyo Japan, which incorporates Prompt keynote introductions, Oral Talks, Poster Presentations, and Exhibitions. We are happy to state that it is the 7th World convention on waste recycling and reuse which will be held in beautiful city Tokyo. We are delighted to welcome you all to the convention.***

Conference series LLC coordinates series of International Recycling conferences, waste management conferences, green environment conferences, Sustainable energy conferences, Environmental science conferences all over the globe consistently. On behalf of RECYCLING SUMMIT 2018, we stretch out our warm welcome to the distinguished Nobel laureates, speakers, delegates related to recycling and waste management from around the globe to 7th World Convention on Waste Recycling and Reuse on May 16-17, 2018 at Tokyo Japan

The theme of the conference is "why waste it?? Let's sort it!! Expects to unite Recycling Industries, Waste Management Organizations , Researchers, Industrialists, Academicians, Policy Makers, and Nobel Laureates to trade and share their experiences and their innovative and recent research in making the earth a better place to live

Recycling Summit 2018 includes invited plenary lectures, symposia, workshops, invited sessions and oral and poster sessions of unsolicited contributions. Join us for two intensive and interesting days of discussing contemporary challenges and new advancements in Waste Recycling and Reuse. We invite you to contribute and help to shape the event through submissions of your research abstracts, papers and e-posters.

Kindly register for the conference as early as possible by following through
