## **Drop Ship Magazine is becoming a Huge Success!**

Since its launch date on 11/07/2008, Drop Ship Magazine has been building more and more partners and connections each day, with an average around a dozen new links each day. We would personally like that thank our new friends that have signed up with us, because without you- Drop Ship Magazine is nothing.

In order to give back and show appreciation to our new members, we would like to offer more incentives than just a free listing. We have incorporated new advertising plans at very reasonable costs. The prices vary depending on the plan that you feel would represent your dropship or wholesale company the best. We are now offering a series of different rotational banner ads with prices so low, that you better order fast because they are on a first come first served basis.

We are also offering featured link options, where you can have your website listed as one of the top 5 websites in your category for a inexpensive yearly fee. This is also a first come first served basis, so run and get your orders in!

I'm only interested in a free listing...I don't need your advertising.

That's fine. You can market your web site however you would like. We are offering advertising at very reasonable costs, because we have seen other similar sites that charge an arm and leg for similar advertising plans. Our intention is to give Drop Ship Magazine and our Advertisements some value of worth, while not overcharging unnecessary fees. Like I said earlier, Dropship Magazine is nothing without you- The Member.

As we continue to build relations with new members, our site is only going to get larger, because we plan on gaining more and more members and solid relationships. We have been working very hard at marketing Drop Ship Magazine, and it's only going to continue to grow. With over a dozen sites added each day, your site might become less and less noticeable. Advertising would be a great option to consider, but I'll leave that up to you.

Make sure you check out our ad to our sister company, Pic N Sell, in December's issue of Wholesale Source Magazine
