Matrix joins hands with HR and Payroll Software Specialist Company, Greytip as Technology Partner

Matrix, a leading manufacturer of enterprise-grade Telecom and Security solutions, announced tie-up with Greytip Software Pvt. Ltd. as a technology partner. The two companies have joined hands to offer a comprehensive time-attendance and payroll solution to their customers.

Matrix COSEC is a People Mobility solution for enterprises, which covers Time-Attendance and Access Control. Matrix COSEC Time-Attendance provides comprehensive attendance and leave related data of users in various formats like reports, graphs and others required for integration with payroll.

About Greytip Software

Established in 1994, Greytip Software Pvt. Ltd., Bangalore enables HR departments to leverage IT for both effectiveness and efficiency. It provides cloud based software that covers all aspects of payroll management, leading to less work and functions entirely to ensure a smooth HR and payroll process. It provides software solutions that cover all areas including employee information management, leave and attendance management, training, appraisals, compensation and more.

The Association

Integration of Matrix COSEC Time-Attendance with Greytip makes it an advanced solution. Furthermore, it supports database to database integration.

The integration process occurs in the following way:
1. Events generated by users are stored in the server.
2. Greytip software will fetch the user attendance data from the server.
3. Hence, Greytip software will generate the reports defined as per the policy of an organization.

This comprehensive integrated solution will take care of all events from employee's attendance marking to the generation of payslip. Furthermore, it ensures delivering more value in enhancing an organization's productivity, reliability and security by automating HR's tasks.

Speaking on the subject, Jatin Desai, Marketing Manager Access Control and Time-Attendance Solutions, Matrix, "This interoperability will provide comprehensive integrated solution to the end customers for both time-attendance and payroll without any technical glitches. Furthermore, system integrators can suggest both solutions to end customers without worrying about the integration part."
