#### ***Green Chemistry and Engineering***

Scientific Federation invites all the participants across the globe to attend the 2nd International Conference & Expo on Green Chemistry and Engineering during July 23-24, 2018 at Barcelona, Spain. Barcelona, the capital of Catalonia, is one of the most popular tourist destinations in Europe. The city combines modern and historic architecture in a unique way. Barcelona is one of the most popular cities of Spain and the biggest city after Madrid in country.

ICEGCE-2018 is a remarkable event which brings together leading researchers, industry professionals, scientists, engineers and scholar students to exchange and share their experiences. The main theme of the conference is "Exploring the Advances and challenges in Green Chemistry and Engineering".

ICEGCE-2018 is anticipating a large group of participants around the globe and the two day conference will provoke Plenary sessions, Keynote speeches, Poster, and Oral presentations. This program provides two days of robust discussions on recent advancements and new strategies for development of new materials for global requirements.
