iFunia Released YouTube Downloader Mac with Playlist Download and Batch Download Functions

iFunia YouTube Downloader Mac is a powerful app to download online videos and playlists from websites without losing quality.

iFunia Studio, which develops multimedia software, announced today the launch of YouTube Downloader Mac. iFunia YouTube Downloader Mac is a powerful app to download online videos and playlists from websites without losing quality. It supports YouTube, Vimeo, Dailymotion, LiveLeak, Break, Metacafe, Facebook, Instagram, Yahoo, BBC, AOL, SoundCloud and 1000+ other sites.

“At iFunia, we always believe in developing powerful and versatile software,” said Amy Lu, iFunia Studio’s Product Manager. “That’s the reason why we develop YouTube Downloader Mac. The app can quickly download HD online videos in bulk without any quality loss. To make it more powerful, we add a function to allow users to download entire playlist from YouTube and other sites. Software applications are supposed to make things easier, and we believe this app does make video downloading easier and faster.”

Main Features

Download videos from YouTube.com and 1000+ other websites

iFunia YouTube Downloader Mac can download videos from YouTube, Dailymotion, Facebook and other video-sharing and social networking sites.

Download online videos in 1080p or higher

Users can use the app to download online videos in various qualities including HD 720p, Full HD 1080p or higher.

Batch download online videos

It allows users to download multiple videos at a time.

Download playlists from YouTube.com and other sites

It enables users to download video playlists from YouTube.com and many other sites.

Other Features

Download audio only

YouTube Downloader Mac allows users to download online videos to audio files.

Select output format

The app will list the available formats (such as MP4, WebM, M4A) of the video that users want to download. Users can select the output format they want.

Stop and resume downloading

Users can stop the downloading process anytime. When they click the download button again, the downloading will resume.

Price and Availability

iFunia YouTube Downloader Mac is available for download on iFunia Studio’s official website. It has a free version which

doesn't provide unlimited downloads. Users can get a 1 year License of the app's Pro version at \$19.99 and a lifetime license of Pro version at \$29.99. The Pro version also supports multi-users.
