Streamline your Human Resource operations with KonnectCo

Konnectco announce the launch of KonnectCo- an out-of-the-box, cloud-based Human Capital Management (HCM) solution

Hyderabad, India, 13th June 2017 – We announce the launch of KonnectCo- an out-of-the-box, cloud-based Human Capital Management (HCM) solution optimally designed to manage your day-to-day Human Resource requirements and operations.

Focussed on technology enabled process automation, KonnectCo delivers myriad Human Resources services under one roof, right from sourcing to recruiting and on-boarding, managing and tracking employee's time and attendance to determining meticulous payroll systems. Automation of these crucial processes from hire to retire on a single collaborative platform, along with an enhanced social portal to reinforce employee engagement, collaboration and productivity of an organization makes this product stand out among the rest.

To begin with, the company currently plans to offer services to small and medium-sized businesses and assist them to manage, nurture, and profit from the talent in their businesses.

KonnectCo COO, Kranthi Reddy says, "Today, even when we have duly adopted technology in a major part of our businesses all over, levels of adoption are low as far as employee initiatives are concerned. We aim to help optimize people assets by designing a strategic HR technology to effectively manage human capital, streamline your human capital management processes, reduce costs and engage employees and stay connected with them. We will continue to further ideate and update our product to enhance the overall user experience."
